First Quarter Disclosure as of 31 Ashwin 2082 (17 October 2025) as per securities registration and issuance regulation Annexure-14 (related to Sub regulation I of Regulation 26)

#### 1. Financial Statement

- The financial statement for the first quarter has been published as a part of this report.
- Annualized earning per share for current year is 13.62, P/E ratio 12.89, net worth per share is 78.02 and total assets per share is 236.79.
- Previous quarter figures has been changed and re-grouped to reflect the changes made by the audited financials of FY ending on 2081.82.

#### 2. Management Analysis

##### Any change in the stock, income and liquidity during the quarter and reason for change, if any:

- During this quarter, the Company generated revenue amounting to NPR 34,78,58,378.56. In addition, the Company received a refund of penalty pertaining to Shrawan and Ashwin 2081 totaling NPR 3,31,85,749.15, which has been recorded under Other Income.
- Sufficient stock levels are maintained to support the normal and efficient operation of the plant, and there are no exceptional changes.

##### Management analysis on upcoming business plan:

- The Company has proposed investments in new hydropower projects, for which the Board of Directors, in its meeting held on 5 August 2025, approved a 1:1 rights issue of shares to finance the investment.

##### Analytical statement on the possible effect on company's profitability, stock and cash flow based on past experiences:

- The Company has faced challenges in achieving its energy generation targets due to recurring damage to civil structures and electromechanical equipment, primarily caused by high floods and heavy sedimentation. To address this, comprehensive upgradation of both civil structures and electromechanical equipment is currently in progress. The related expenditures have been capitalized and reported under "Intangible Assets under Development" in the financial statements. Upon completion of these upgrades, the Company anticipates a significant improvement in energy generation, which is expected to enhance revenue and strengthen overall profitability.

#### 3. Legal Processing

- During the quarter, Urja International Pvt. Ltd. initiated an arbitration case against the Company relating to a disputed amount concerning the construction of the 132 kV transmission line. The Company has been actively defending the case in accordance with the applicable legal procedures, and the matter is currently under arbitration.

#### 4. Share Transaction of the Company

During the quarter share of the company has been actively traded under script name "BHL". Share prices has been determined by the open market operation.

Maximum Price	Minimum Price	Closing Price	Transaction Days	Total Transaction	Turnover
229.00	164.00	175.50	51	16,879,848.00	3,492,216,699.10

#### 5. Problems and Challenges

##### Internal Challenges

- Retention challenges and shortage of skilled human resources.
- To maintain operational efficiency.

##### External Challenges

- Frequent erosion and structural damage caused by floods and high sediment loads.
- Unavailability of domestic suppliers and vendors for hydropower equipment and spare parts.
- Lengthy approval and clearance process involving multiple government agencies.
- Increasing pressure from local communities with demands for employment, contracts, and CSR support.
- Non-Dispatch instructions and forced outage issued by NEA

#### 6. Corporate Governance

The Board of Directors and the management team is determined to practice good corporate governance.

#### 7. Declaration

I, the chairman of this company take responsibility for the accuracy of the information and details mentioned in this report for the period up to the fourth quarter of FY 2081/82. I, hereby declare that the information and details provided in this report are true, based on facts, and complete to the best of my knowledge and the information necessary for taking informed decision by the investors are not concealed.
